Table of Contents (continued): Volume 97 / Number 9 / September 2016 / Supplement 3

---

The opinions or views expressed in this professional education supplement are those of the authors and do not necessarily reflect the opinions or recommendations of the American Congress of Rehabilitation Medicine.

Dosages, indications, and methods of use for products that are referred to in the supplement by the authors may reflect their clinical experience or may be derived from the professional literature or other clinical sources. Because of the differences between in vitro and in vivo systems and between laboratory animal models and clinical data in humans, in vitro and animal data may not necessarily correlate with clinical results.

## PEER REVIEW STATEMENT

The articles presented in this issue have been peer reviewed by the Editorial Board of *Archives of Physical Medicine and Rehabilitation*. Correspondence commenting on the material in this issue should be directed to *Archives'* editorial office.

September 2016, Volume 97, No. 9 Suppl. 3
