# Correction

The article by Nakase-Richardson et al, Cost-Benefit Analysis From the Payor's Perspective for Screening and Diagnosing Obstructive Sleep Apnea During Inpatient Rehabilitation for Moderate to Severe TBI, published in Archives of Physical Medicine and Rehabilitation 2020;101(9):1497-1508 (DOI:<https://doi.org/10.1016/j.apmr.2020.03.020>), contained an error in the funding information. Patient-Centered Outcomes Research Institute® (PCORI®) Award (CER-1511-33005) was not the source of funding for this analysis.
